

# Per Diem Registered Nurse

## Per Diem

Location: Home Care and/or Inpatient Facility

## Position Summary:

Provides skilled nursing to hospice patients and their families outside of normal office hours. Is available during these times for problems experienced by hospice patients and their care givers. Makes home visits when necessary for emergencies and deaths. May be asked to provide RN coverage during regular business hours as needed.

## Duties & Responsibilities:

- Responsible for obtaining current patient information and physician orders by collaborating with the Hospice Registered Nurse, and designated Supervisor(s)
- Provides skilled nursing to hospice patients utilizing nursing assessment, planning, implementation and evaluation
- Develops a plan of care for the hospice patient and their care givers based on the nursing process and in collaboration with the physician and interdisciplinary team
- Empowers and supports care givers and patients through education of the disease process and prescribed care regimens
- Assists in maintaining the 24 hour on-call coverage as needed

## Skill & Knowledge Requirements

- Excellent observation, critical thinking, assessment, nursing judgment and communication skills
- Comfortable in maintaining professional boundaries
- Interest and desire to give hospice care with a special sensitivity to the needs of the dying.
- Sound working knowledge of hospice Conditions of Participation (COPs) and clinical standards of practice

## Educational and Experience Requirements

- Graduate of a registered nursing curriculum; BSN or higher preferred
- Two (2) years experience in a healthcare environment or equivalent position
- Possession and maintenance of a valid Hawai'i State nursing license
- Valid CPR certification
